COSC 5010. Formalizing the JVM in ACL2.   Spring 2004

Homework Assignment 6

Due Tuesday 24 February 2004

1. Start reading Chapter 10 Computer-Aided Reasoning: An Approach.
   Pay special attention to Section 10.6 Compiler for Stack Machine.

2. The file `hw6.lisp` found at

   > `http://www.cs.uwyo.edu/~cowles/jvm-acl2/hw6.lisp`

   contains JVM Problem Set 4.

   - Email your solutions to me at `cowles@uwyo.edu`.
   - The subject line should identify the problem set,
     i.e. JVM Problem Set 4.
   - The body of the message should be a Lisp readable file in simple
     ascii text format.
   - The first few lines of the body should contain your name.
